Yearbook Advisor

Dedication

We, the class of 1977, dedicate our yearbook to one who has been, our capable teacher, our energetic coach, and our trusted advisor. She has served as a basketball coach, helping eighth grade girls to become tomorrow's varsity stars. At several of the dances our class has held in past years, she has given of her time to chaperone even though she was not a class advisor. This year, as one of our official class advisors, she worked long hours to organize our two most important functions, our prom and our graduation. Whether getting sizes for caps and gowns, ordering diplomas or just being our friend and teacher, she has devoted much time and energy to our class.

We thank you, we appreciate you and we dedicate our yearbook to you, Miss Annemarie McGann.

"To think of time — of all that retrospection
To think of today, and the ages continued hence forward
Have you guess'd you yourself would not continue?
Have you dreaded these earth beetles?
Have you fear'd the future would be nothing to you?
Is today nothing? Is the beginningless past nothing?
If the future is nothing they are just as surely nothing.
To think that the sun rose in the east — that men and
Women were flexible, real, alive — that everyone was alive,
To think that you and I did not see, feel, think nor bear
our part,
To think that we are now here and bear our part."
